Workshop

November 9 - 10, 2017

Venue: Maison Suger, Paris

Organized within the Franco-German Program “Changing Societies”, together with the WZB Berlin Social Science Center and the Fondation Maison des sciences de l’homme (FMSH), the workshop brings together researchers from different disciplines to work on a central issue of our time: The challenge of migration and its effects on integration and participation.

Moreover, the workshop participants have the opportunity to develop and advance ongoing or future projects, to prepare research stays in France or Germany as well as to initiate new collaborations within the Franco-German network.
